(708) 785-2943

art@artandlindaswildflowers.com

www.artandlindaswildflowers.com

North Park Village Nature Center Chapter

In creating our gardens, we take our cues from

the beautiful things and

places we have seen in "the

natural world." The location – the earth – tells us

what goes where. The conditions, such as the

amount of sun or shade, the type of soil, the

amount of moisture an area will get and retain all

dictate what types of plants will be happy, will thrive

and will coexist there. The native plants we use will

all belong together there, as they have since ancient

times to create a sense of harmony.

#### EarthWild Gardens

1479 Potawatomi Rd, Grayslake IL 60030

(847) 287-7477

info@earthwildgardens.com

Lake-To-Prairie Chapter

EarthWild Gardens grew out of a

love for gardening and a commit-

ment to preserving local biodiversity. We sell over

150 species of hard-to-find native flowers, grasses,

vines, shrubs, and trees. We provide consultation

and design services to help our clients incorporate

prairie, wetland, and woodland habitats into residen-

tial and commercial settings. We are located in north

suburban Grayslake, Illinois. In May and June, we're

open for our plant sale at Station Square of Prairie

Crossing.

Rock River Valley Chapter

Pizzo & Associates Ltd is dedicated to the use of

ecologically sound principals in planning and devel-

opment for both public and private sectors. They bring together the disciplines of planning, consulting, contracting, stewardship, and nursery in one company for their public and private land owners who are committed to the restoration of natural processes on their land to create stable, cost effective and beautiful solutions to today's problems. The Native Plant Nursery, located in Leland, Illinois, grows 250-plus plant species native to the Chicagoland region. Most plants are grown in trays of 38 with deep, fibrous root systems that are perfect for restoration, landscaping, and naturalization. Give us a call today or check out our web site for online plant availability.

#### Red Buffalo Nursery

10502 Seaman Rd, Hebron IL 60034

(815) 648-4838

kaskel@mc.net

www.redbuffalonursery.com

Rock River Valley Chapter

Red Buffalo Nursery specializes in

plants native to the prairies, wetlands, savannas,

and forests of northeastern Illinois and southeastern

Wisconsin. We grow plants from locally collected

seed whenever possible. Plant sales occur at our

nursery in the spring and fall, at farmer's markets,

and by appointment. Visit our web site for a plant

list, sales dates, and locations. When you are here,

be sure to visit our prairie and sedge meadow

restoration. We are proud of our natural area, and

have protected it with a permanent conservation

easement. Our services include design, landscaping,

and natural-areas restoration and management.

When we design a garden or create a management

plan, we use the original pre-settlement environment

as our model. Call us to set up a site visit.

### Wildtype Native Plant Nursery

900 N Every Rd, Mason MI 48854  
(517) 244-1140 (517) 244-1142  
wildtype@msu.edu  
www.wildtypeplants.com  
Red Cedar Chapter

Wildtype exclusively grows plants native to Michigan, from Michigan genotypes. We grow trees, shrubs, grasses, and wildflowers typical of southern Michigan woodlands, wetlands, and prairies. It is our objective to propagate nursery stock with enough genetic diversity to create self-sustaining populations. Therefore, the vast majority of our plants are grown from wild seed stock. This is what we mean when we say our plants are born to be wild. Wildtype also provides ecological design and consulting services for public, commercial, and residential projects focusing on restoration and preservation of native landscape. Services offered include: species inventory and site assessment, design and planning, and the establishment and management of native landscape. Please contact us for more information.

### MINNESOTA

#### Barr Engineering

4700 W 77th St Suite 200,  
Minneapolis MN 55435  
(800) 632-2277

www.barr.com  
Arrowhead Chapter

Barr Engineering's nearly 400 engineers, scientists, and technical support staff located in Duluth, Hibbing, and Minneapolis, Minnesota; Ann Arbor, Michigan; and Jefferson City, Missouri provide engineering, environmental, and information-technology services to clients in numerous industries and all levels of government. One of Barr's specialties combines the talents of our landscape architects, who specialize in use of native plants, with the skills of our water-resources engineers to design landscapes that manage storm water in an ecologically sound yet aesthetically pleasing manner. The landscape architects and ecologists at Barr know how to maintain ecological integrity while providing the amenities that we've come to expect. In addition to many other services, we also assist clients with storm water planning and permitting. Offices in Ann Arbor, Michigan; Jefferson City, Missouri; and Hibbing, Minnesota.

#### EnergyScapes Inc

Minneapolis MN 55409  
(612) 821-9797 (612) 871-9393  
douglas@energyscapes.com  
www.energyscapes.com  
Twin Cities Chapter

Based in the heart of south Minneapolis, EnergyScapes has been designing, installing, and maintaining beautiful sustainable landscapes using locally native plant species since 1989. Our goal is to create places of sanctuary and oasis for people that also benefit our environment. Working with the site we capitalize on the natural energy available from the earth, sun, and water to create landscapes that emulate natural habitats, save resources, and solve drainage issues, all while meeting our clients' desire for beauty. EnergyScapes creates serene energy-saving designs featuring elements such as Green Awnings® and rain gardens. Sharing the mission of expanding awareness, saving biodiversity, and healing the planet, we are glad to be working with Wild Ones. Giving its first presentation, Douglas helped kick off the Twin Cities Chapter.

### Out Back Nursery

15280-110th St S, Hastings MN 55033

Western Reserve Chapter

Ohio Prairie Nursery is a grower and supplier of native seed and plants, and a provider of related services. We strive to supply individuals and organizations with the products and services necessary to be successful with the reintroduction of native species into the landscape. We believe that the best way to renew the ecosystems, on which we all depend, is through educating and raising the awareness of individuals who can make immediate decisions that positively impact our planet. Our products include standard and custom native seed blends for a wide range of applications, as well as individual species of seed. Our plant offering includes rain gardens and hummingbird/butterfly gardens, and custom plant packages, as well as individual plant species. Our services include: custom seed mix design and blending, custom seed cleaning, contract growing, commercial native seed specification review, and educational presentations. Our installation group and affiliates work on seeding projects of all scales from back yards to hundreds of acres, and are available to subcontract rain garden installation in the Great Lakes region. We also do retail sales via our web store. Please call for information on wholesale and group sales.

Agrecol Corporation combines the best principles of production agriculture with the science of ecology, producing high-quality native seed and plants. Agrecol is the largest grower of native plants and seed in the Midwest; growing more than 200 species of native wildflowers and grasses and new prairie sod. New products include specialty erosion control, water-management products available to national and international markets. Agrecol offers seed and live plants, and installation for prairie, woodlands, wetlands, and savanna plant communities, sales and installation of Envirolok vegetated retaining walls, environmental consulting and resource-management services, restoration design, detention, retention and rainwater basins, storm-water management, polyacrylamide, native-certified weed-free mulch/straw, silt fence equipment, installation, and site monitoring and maintenance.

#### Crystal River Inn B&B, LLC

E1369 Rural Rd, Waupaca WI 54981

(800) 236-5789 (715) 258-5333

crystalriverinn@charterinternet.com

www.crystalriver-inn.com

Central Wisconsin Chapter

Our 1853 farmstead on the Crystal

River in the historic village of Rural, exudes country charm on "Rustic Road 23," four miles south of Waupaca, in Central Wisconsin. As Wild Ones members, we are committed to making as gentle impact on the Earth as possible, and to restoring native-plant communities and wildlife habitat on our 11 acres. We are "Travel Green Wisconsin" certified and have just begun our work of prairie restoration and invasives removal on this former farm. The Inn features seven guest rooms with antique furnishings, a view of the river or woods, a nook for reading or visiting, and two cabins for families. Guest rooms have private baths and fireplaces. Two rooms also have a double whirlpool. All include a full breakfast with a Southern touch, featuring our home-made local wild grape and wild plum jelly. Our non-smoking environment has free high-speed wireless Internet, meeting space for small groups, and we're open year 'round. Our land has paths through fields and woods, an outdoor seven-circuit classical labyrinth,

and seven monitored bluebird houses. The wide variety of habitat on our land and the area from tamarack swamps to hardwood uplands invites local wildlife like river otter, bald eagle, and Karner blue butterfly. The area offers many restaurants and recreation opportunities: biking, birding, boating, canoeing, walking, fishing, nearby state parks, and charming small towns. A rural Wisconsin treasure.

#### De Pere Greenhouse & Floral, LLC

1190 Grant St, De Pere WI 54115

(920) 336-8992

niedzwiw@uwgb.edu

www.deperefloralwi.com

Green Bay Chapter

Established 112 years ago, the De Pere Greenhouse and Floral, LLC is the oldest greenhouse in Brown County. The business long has been known for its quality plants and floral arrangements, as well as its dedication to meeting the needs of local community citizens, groups, schools, and churches. Restoring our natural landscapes is important, and we are dedicated to helping people do just that. We offer native plants for a variety of native landscapes, including bird gardens, hummingbird gardens, rain gardens, butterfly gardens, prairie flower gardens, gardens for shady areas, gardens consisting of plants known to heal, gardens with plants not friendly to deer, low-growing gardens for spatially tight places, and moon gardens that "glow" at night. We grow native plants that will add beauty to your land, that will attract butterflies and birds, and that will add diversity to your land. We also specialize in growing many varieties of heirloom vegetables (seeds from Seed Savers Exchange) including many varieties of tomatoes, peppers, and herbs. This year, we are expanding our heirloom plants to include heirloom flowers.

(608) 882-6656

info@formecology.com

www.formecology.com

Madison Chapter

Formecology, LLC is a full-service landscape design, installation, and care firm focusing on regionally inspired and sustainable outdoor living environments for residential and commercial settings. "Formecology" is born from the idea of combining art with nature; bringing natural elements together with cultural art forms to create landscapes that are appropriate both to site architecture and nature.

Our training and experience in landscape-design principles enables us to artistically combine native plants and local materials in an inherently eco-friendly way for a wide variety of settings. Sustainable outdoor living environments created by Formecology, LLC provide a vision and master plan for achieving a fulfilling and rewarding outdoor lifestyle, while being mindful of the environment.

### Good Oak Ecological Services

205 Walter St, Madison WI 53714

(608) 209-0607

frank@goodoakllc.com

www.goodoakllc.com

Madison Chapter

At Good Oak Ecological Services our mission is to improve the environment for the benefit of people and the natural community. We are experts in native plants and the ecology of natural areas, and we use this knowledge to create beautiful native landscapes, and restore natural areas to a more pristine condition. Our primary background is in natural-areas restoration, a discipline in which we work to rehabilitate damaged ecosystems so that these wonderful places and the wildlife that live in them can thrive and be enjoyed far into the future. But these remaining natural areas alone are too small and too fragmented to provide enough habitat for our wild plants and animals. Our cities and towns are sterile, with heavily manicured shrubs, high-maintenance annuals and perennials and chemically dependent lawns. By working with us to integrate native plants into our human landscape we can enliven your

home, business, and community, while giving our wild plants, butterflies, birds, and other wildlife a place to live.

Central Wisconsin Chapter

Shade-loving woodland wildflowers are our specialty. We have over 25 years experience growing them under artificial shade. Starting with ginseng in the early '70s, we branched out into goldenseal, and ultimately into woodland wildflowers native to the forests of the upper Midwest. Our flowers are grown almost entirely from our own stock or from seeds gathered in the woods around our farm. We have been able to amass a nice collection of plants without dislodging the parent sources from their native habitat. We think you will find these nursery-grown plants to be vigorous and well-suited as potted plants for nursery sales, for private landscaping, or for commercial restoration projects. We ship bare-root, for overnight or next-day delivery, primarily in spring or fall, but at other times by request.

### Johnson's Nursery Inc

Landmark Landscape is an ecological landscape firm that promotes sustainable landscape applications and native-plant communities. We host an expert staff of designers, horticulturists, arborists, and artisans who specialize in native-landscape design, ecologically sensitive installation, and low-impact maintenance practices. Our innovative approach toward

landscaping ensures that each project meets our client's needs and benefits the environment. We have enthusiastically accepted a position of land stewardship, and will continue to help protect and restore the delicate ecosystems and biodiversity of the upper Midwest. Call us for a consultation.

### Landscape Restoration

8221 W Front St, Hanover WI 53542  
(608) 302-5744 daleink@jvl.net.com

Partner-at-Large

Landscape Restoration is a small, experienced, value-based, natural-area planting and management company. We're professionally certified (S-390 burn boss, WI herbicide applicator) and fully insured. And we're doing what we believe in: promoting native plants and battling invasive species to help you manage your property for natural diversity with common-sense economics. Our work includes building native-stone walls, establishing native plantings in flood-prone residential sites, burning prairie patches and 80-acre CRP fields, rescuing native plants, planting roadsides and steep berms, controlling garlic mustard and buckthorn in woodlands, and attacking Canada thistle, crown vetch, multiflora rose, and gypsy moth infestations. Every year we donate a rain garden through the Wisconsin Rivers fall online auction (it's a tax-deductible landscape addition for a good cause), and in 2009 we are offering discounts for Wild Ones members in southern Wisconsin. If you would like a little help bringing nature back into balance on your property, give us a call for a free evaluation and proposal.

### Marshland Transplant Aquatic Nursery

PO Box 1, Berlin WI 54923  
(800) 208-2842 (920) 361-4200 fax  
marshland@centurytel.net

Fox Valley Area Chapter

The largest wholesale aquatic nursery in the Midwest, Marshland Transplant Aquatic Nursery produces quality native-plant materials for large-scale wetland mitigation and native restorations. We also provide installation services for a variety of projects, including habitat restoration, wastewater treatment, erosion control, bioengineering, and mine reclamation. Specialty services include mowing/maintenance, prescribed burning, no till drilling and delineation, mitigation, and monitoring. Join us in rebuilding our environment. We sell only to wholesale firms, contractors, ecologists, professional organizations, and nurseries.

### NES Ecological Services

4664 Golden Pond Park Ct, Hobart WI 54155  
(920) 499-5789

jhavel@releeinc.com

Green Bay Chapter

NES Ecological Services is a committed group of scientists whose diverse backgrounds include restoration ecology, wildlife management, and wetland ecology. Located in Green Bay, Wisconsin, NES is fully equipped to serve clients throughout Wisconsin and the Midwest. Since 1996, we have provided native-habitat-restoration services to municipalities, lake-management districts and associations, the

## Wild Ones Business and Affiliate Members Yellow Pages 2010

Wisconsin Department of Natural Resources, the U.S. Fish and Wildlife Service, and individual landowners. These services include planning and design, material installation, monitoring, and maintenance. NES ecologists use their knowledge and experience with Wisconsin's native-community types to design and implement aesthetically pleasing, natural landscapes utilizing only plant species native to the site's region. The use of locally native species is a very important factor that is often overlooked, but is important in not only assuring a project's success, but also in meeting all the objectives of a restoration. Each restoration project is catered to the individual or group based upon their need, experience, and willingness to be involved with the "hands-on" portion of the project. Visit our web site to review a few of our most recent projects, along with a complete list of all the services we offer.

### Northern Sunset Perennials

(262) 253-1412

www.northernsunset.com

Menomonee River Area Chapter

The Northern Sunset brand consists of over 1,300 varieties of perennials, including over 140 Wisconsin and Midwest native species of perennial forbs, ferns, and grasses. Look for the "NATIVE, Naturally." logo on the tag. Northern Sunset Perennials are available at many fine retailers in southeast Wisconsin and northern Illinois. Find a retailer near you, learn more about our products or our Colors of Success labeling system, by visiting our web site. At Northern Sunset Perennials, we believe in the power of native species for diversity, reliability, and beauty.

### ONE Plus Inc

113 West Main Street, Sun Prairie WI 53590

(608) 837-8022

oneplus@chorus.net

Madison Chapter

ONE Plus Architecture provides sustainable architectural design services for commercial, residential, and institutional clients. As our logo suggests, there is No Excuse for not taking care of the Earth – together we can and will make a difference in that effort. Our commitment to the Wild Ones, both personally and professionally, is only part of our devotion to that endeavor. ONE Plus design services include renovation, rehabilitation and adaptation of existing buildings, daylighting, passive solar and energy-efficient new building design. Our facility-evaluation services can help you extend the life of your existing buildings and reduce your energy consumption and carbon footprint. Our business-continuity-planning

services will help you reduce your risk in the event of a disaster, and improve your chances for survival. With clients and projects in a dozen states, ONE Plus serves facility owners throughout the Midwest and the nation. Mention this listing when contracting for our services, and we will donate 5% of your fees to Wild Ones.

### Prairie Nursery

Central Wisconsin Chapter

Since 1972, Prairie Nursery has

been dedicated to improving and rebuilding the environment by encouraging ecological gardening using native plants for soil, water, and habitat conservation. Our mission is to preserve native plants and animals by helping people create attractive, non-polluting natural landscapes that can support a diversity of wildlife. Prairie Nursery specializes in hardy native flowers and grasses for prairies, woodlands, and wetlands. We have a large selection of plant gardens and seed mixes for virtually any soil, moisture, or light conditions. Prairie Nursery also offers professional consulting and installation services. Get your free Prairie Nursery catalog and growing guide. Visit our retail store for select plants, seeds, and books. Explore our extensive new demonstration gardens. Guided tours are the third Saturday of June and August. Self-guided tours any time.

Green Bay Chapter **STONE SILO PRAIRIE GARDENS**

Our business is committed to the preservation of native species and their use in a homeowner's landscape design. We specialize in growing native Wisconsin grasses and wildflowers that can be used in gardens and landscape designs for your home. We have a large selection of plants for rain gardens as well. See our plant list, order online, or visit us at our greenhouse in the Green Bay, Wisconsin, area. Stop by and see our new prairie, gardens, and rain garden.

**When visiting any of our Business or Affiliate Members, show them your Wild Ones I.D. card, and let them know you heard about them through Wild Ones. Remember that some Business Members give discounts to Wild Ones members.**

## WILD ONES CORE VALUES

**Respect:** Our mission stems from our respect for the other species on this planet and future generations. We will treat each other – our staff, members and volunteers – with respect at all times. We respect different tastes in landscaping but also ask that others show respect for the common good by considering how they can conserve resources and improve the environment via the inclusion of native plants in their landscapes.

**Personalized support:** our members value the opportunity for direct contact with other Wild Ones members and the ability to "learn locally." This sets Wild Ones apart from many similar organizations. Networking and education are our most important functions.

**Appreciation:** To keep our dues low and our efforts local, Wild Ones is a grass-roots organization that runs primarily on volunteer effort. We will continue to rely on volunteers to carry our mission forward. We will support our volunteers and recognize their efforts, especially those in volunteer leadership positions.

**All members are valuable members:** At the national level our income is largely derived from member dues and donations. We appreciate all members, respecting that everyone has varying priorities and demands on their time which impact their ability to volunteer.

**Fresh and adaptable:** While we stay focused on our core abilities and goals we will continually look for and solicit ideas from our Board, our members and honorary directors for new strategies we might use to further our goal of promoting sustainable landscape practices.

 Mid-Mitten Chapter

Chippewa Nature Center is private, non-profit organization whose mission is to inspire people and institutions to protect the natural world. The Center includes 1,200-acres of woodlands, wetlands, rivers, and upland fields. There are more than 15 miles of hiking trails open daily, including the Chippewa Trail, a 3.5-mile recreational trail to downtown Midland. A wide variety of programs are offered year-round for children, families, and adults, along with school programs, Nature Preschool and Summer Nature Day Camp. CNC is also home to a complex of three restored log buildings, encouraging visitors to step back in time. The Center offers free admission daily, except during major events. A native-plant sale held each spring offers native genotype plants, advice, and help with planning natural areas. Wildflower and fungi hikes throughout the year and the Garrett Arboretum of Michigan Trees and Shrubs encourage participants to use native plants. Lots of other hikes, field trips, and workshops are also part of the daily schedule. Visit our web site for current program information.

#### Kalamazoo Nature Center

7000 N Westnedge Ave, Kalamazoo MI 49007  
 (269) 381-1574  
 sreading@naturecenter.org  
 www.naturecenter.org  
 Kalamazoo Area Chapter

The Kalamazoo Nature Center is a not-for-profit organization whose mission is to inspire people to care for the environment by providing experiences that lead them to understand their connection to the natural world. Our Community Wildlife Program works with businesses, golf courses, schools, and private land owners to enhance wildlife habitat through native landscaping. We can assist with site evaluation, plant selection, design, and installation. Our Great Lakes Ecological Program offers services such as site evaluation, management-plan development and implementation. Specializing in invasive-species control and prescribed fire the Great Lakes Ecological Management team has worked with government, non-profits, and private landowners to implement large- and small-scale restoration activities.

 Flint River Chapter

The purpose of the Mott Community College Gardening Association (MCCGA) is to educate students and the community

on basic horticultural practices and their benefits through lectures, volunteer projects, and gardening-related activities in and around the MCC campuses, as well as in our community. We began installation of a native plant garden in spring, 2005, which will demonstrate and help us to share the benefits of re-building native-plant habitats. We've established the Campus Beautification Endowment fund to support MCC campus gardens and the educational benefits they afford our students. Tax-deductible donations may be made payable to the Foundation for Mott Community College (501(c)3) and mailed to the address above.

 Menasha WI 54952  
 (920) 720-9349  
 heckrodtwetland.tk@tds.net  
 www.heckrodtwetland.com

Fox Valley Area Chapter Heckrodt Wetland Reserve includes 76 acres of forested wetland, wetland meadow, open-water, and upland-field communities. The wheelchair- and stroller-friendly 3-plus-mile trail system includes a boardwalk that allows access to the wetland without getting wet feet. Facilities include a nature center with indoor living wetland and live reptiles, amphibians, and fish, as well as mounted specimens of Wisconsin mammals and bird species. Educational programs are provided for schools, daycares, special focus groups, and the general public. Our goal is to provide visitor education while fostering an ethic of environmental stewardship in a fun, hands-on atmosphere. Information about the reserve and its programs can be found on our web site.

 Green Bay Chapter

The Bridge-Between Retreat Center, established in 1987, is nestled in the countryside on a 100-year-old working farm. The Bridge's mission is to provide a contemplative place in which to deepen relationships with God, self, neighbor, and Creation. We serve both soul and soil, recognizing the sacredness in all of life from the microorganisms in the organic garden to the farm animals and wild critters. We strive to honor Earth in all that we do, building a vision for a sustainable future. The center offers over-night retreats for groups and individuals (self-directed or guided) spiritual direction, workshops, special events, and off-site speaking engagements. All are welcome at The Bridge – whatever your spiritual beliefs may be. Come, enjoy the farmstead, join in a family-style meal, learn, relax, pause, and appreciate all of Creation's sacredness. Volunteer opportunities abound.

Almost all the photos used in the Wild Ones Yellow Pages were taken by Wild Ones members, for our annual photo contests, and for other occasions.

# Are You Ready for a Wild Idea? Join Wild Ones as a Business Member or an Affiliate Not-for-Profit Organization Member Grow Your Organization Along With Wild Ones.

Wild Ones: Native Plants, Natural Landscapes promotes environmentally sound landscaping practices to preserve biodiversity through the preservation, restoration, and establishment of native-plant communities. Wild Ones, a voice for the natural landscaping movement, was established in 1979, and now has more than 50 chapters in North America.

Wild Ones events include seed gathering, seed exchanges, plant rescues, plant sales, speaker presentations, bus tours, garden tours, conferences, and community projects. New chapters are forming all the time. For a current listing of chapter locations, visit our web site or contact us directly.

Wild Ones: Native Plants, Natural Landscapes is a not-for-profit educational organization. Your Business Membership or Affiliate Membership donation is fully tax-deductible.

## **Benefits of membership for Wild Ones Business Members and Affiliate Members**

Join this growing movement today. As a Wild Ones Business Member or Affiliate Member, your organization is entitled to these great benefits:

- Acknowledgement in the *Wild Ones Journal*.
- Annual listing in the *Wild Ones Journal*.
- Listing on Wild Ones web site ([www.for-wild.org](http://www.for-wild.org)).

And to share with your employees and clients:

- Extra copies of the *Wild Ones New Member Handbook*.
- Extra copies of the bi-monthly *Wild Ones Journal*.
- Copies of Wild Ones educational brochures to share with clients and the community.
- Wild Ones Recognition Decal for your office or shop window.

Your Business Membership or Affiliate Membership entitles you and your organization to participate in all Wild Ones national and chapter activities, either locally or across the United States – a great networking opportunity.

Wild Ones: Native Plants, Natural Landscapes  
P.O. Box 1274 • Appleton, Wisconsin 54912  
Toll-Free 877-394-9453 • [www.for-wild.org](http://www.for-wild.org)

## **A few words about the new Affiliate Not-for-Profit Organization Membership**

The benefits of membership are pretty much the same for Business Members and Affiliate Members. The difference is that, in the *Wild Ones Journal*, the Yellow Pages, and on our web site, Affiliate Members will be listed with other not-for-profit organizations instead of with for-profit businesses.

With this new membership category, people looking for information about your organization will likely look in our Affiliates listing first.

It is our goal to form a “partnership” with other not-for-profit organizations in order to enlarge the circle of influence, spreading the word about the benefits of using native plants, and the need for maintaining biodiversity.

Visit us at the WILD Center  
(Wild Ones Institute of Learning and Development)  
2285 Butte West des Morts Beach Road • Neenah, Wisconsin 54956

**Join today, and find out what other Wild Ones Business Members  
and Affiliate Members already know.**
